

## **Lander Children's Museum – Celebrating 10 Years!**

### **Summer Series 2010**

#### **Presenting Kids Invent!**

Kids Invent! is the world's leading provider of innovation based learning activities that stimulate the creative interests and abilities of children ages 7 – 15. This summer the Lander Children's Museum will become a licensed partner and site for KI!®

Kids Invent! Learning Activities foster learning experiences that are as engrossing and entertaining as they are educational. To achieve this unique blend of education, invention, and entrepreneurship Kids Invent! has adopted the learning model used by Thomas Edison and thousands of other inventors, and applied it to learning for kids. For more information on this innovative program, visit their website at [www.kidsinvent.com](http://www.kidsinvent.com).
