

TEACHING INGENUITY

DESIGN, BUILD, SOLVE PROBLEMS, LEARN.

**Date: June 16th
and 17th**

Time: 8:30 - 3:30
(includes working lunch)

Registration

Deadline:

Early bird discount:
May 21st \$130;
after May 21: \$150
(lunch and snacks
provided)

Location:

The Nature
Conservancy's
Red Canyon Ranch
(13 miles south of
Lander)

Join Dr. Ed Sobey,
founder of the
Northwest Invention Center
and co-founder of
Kids Invent! ® creative
learning curriculum, for a
fabulous two-day
workshop that will help
you engage your students
in learning science through
the creative process of
innovation and inventing.

This workshop stresses
experimenting, observing,
critical thinking and
problem solving. Each of
the activities taught during
this workshop have a
direct correlation to
Wyoming Content
Standards in math and
science and are geared for
elementary and middle
school teachers.

*Space is limited,
register today.*
